Gentlemen:

Enclosed is our August-September pricelist of FLOWER and VEGETABLE SEEDS. Please note the greatly revised quotations for CABBAGES, TURNIPS, RADISHES and similar items. We hope you will find it to your advantage to entrust some of your business with us.

BERMUDA ONION SEED. The crop is very small and greatly reduced. The first shipments are leaving Tenerife tomorrow. They will arrive at New York about August 23rd so it would be well after September 1st before the bulk of the crop is ready for distribution. We have some 1931 crop seed germinating at least 80% which is available for immediate shipment.

TURNIP SHOGOIN and MUSTARD SPINACH (Tendergreen). New crop seed is now ready for shipment from New York. The quality is excellent.

CAULIFLOWER. We especially draw your attention to the excellent strains we are specializing in. We have but a few varieties but they cover the requirements of the grower and their quality cannot be surpassed. We shall be pleased to have your inquiries.

HE-SHI-KO BUNCHING ONION. This is, in our opinion, the best bunching onion or green onion that has been offered the trade. It is sold in many sections under the name of Superior or Prosperity Bunching Onion and a real demand can be built up for it. If you do not know this onion, let us submit samples.

We shall be glad to quote special prices both on FLOWER and VEGETABLE SEEDS for forward delivery and in closing may mention that these stocks available for prompt shipment are continually becoming smaller.

Very truly yours,

HERBST BROTHERS, INC.
